

Perched above our town, like a hawk sits way up high,  
We welcome you/ to our school  
We call it Fireside!

**Beneath our wings, you'll learn and grow;  
Beneath our wings, you'll share what you know:  
Open minds, open hearts, open doors....  
Beneath our wings, each one unique;  
Beneath our wings, all one community:  
And when you're ready, you'll take to the sky!  
From Fireside.**

We're helping each other, learning new things every day;  
Stronger together, we show each other the way!  
From the Roost to the Hawk's Nest, in our houses, we get along!  
So listen up, here we are, we're singing you this song:

*River! Forest! Mountain! Sky!*

**Beneath our wings, you'll learn and grow;  
Beneath our wings, you'll share what you know:  
Open minds, open hearts, open doors....  
Beneath our wings, each one unique;  
Beneath our wings, all one community:  
And when you're ready, you'll take to the sky!  
From Fireside.**

**Beneath our wings, you'll learn and grow;  
Beneath our wings, you'll share what you know:  
Open minds, open hearts, open doors....  
Beneath our wings, each one unique;  
Beneath our wings, all one community:  
And when you're ready, you'll take to the sky!  
From Fireside.**
