

Meet ...

MRS. POCKLINGTON

About Me

Hello, my name is Carleen Pocklington. As a child I always wanted to be a teacher and even today, teaching continues to be my great joy.

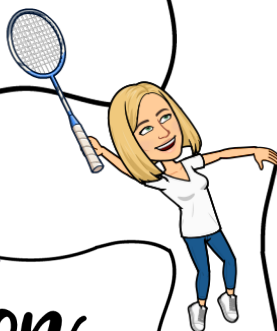

I live in Calgary with my husband, daughter, and son. In my spare time, I enjoy reading, going to the gym, and playing competitive badminton.

I look forward to working with your child this year!

Education

I completed my Bachelor of Education degree at the University of Alberta. I continue to participate in professional development activities and read educational books. Learning is a lifelong process.
