

## Immunizations for Kindergarten Students

Dear Parent / Legal Guardian of pre-Kindergarten or Kindergarten students,

Kindergarten entry is an ideal time to review your child's immunization history. It is important to keep your child's immunizations up to date to prevent disease and to help keep your child healthy.

Children are due for these routine vaccines at 4 years of age:

- Diphtheria / Pertussis / Tetanus / Polio
- Measles / Mumps / Rubella / Chickenpox

Please call Health Link at 8-1-1 to book an appointment for your child at any of the clinics listed below. These immunizations are provided free of charge.

Thank you, AHS Public Health Immunization Team
